Such exciting stories to tell

Monaghan is made up of dynamic, forward thinking people...

John Clelland - General Manager, Whitley

"My proudest achievement is helping some of our people grow within the business, who are now key individuals and the future of the business. This business been good to me, If I had the chance again, I would do the same all over again, which makes me happy."

Bernie McKenna - Garage Administrator, Tyholland

"When I started here, we used the Telex machine to communicate between ourselves and customs. However, I remember the day the fax machine arrived, & also the first mobile phone - which was the size of a brick! We thought: it will never get any better than that!"

Monaghan lives through our people

" Lot of changes over time, but there has been no period of time that the business has not been forward thinking" John Clelland.

"The thing is, 'everyday is different' always slightly different but fun challenges to solve" Gill Morley Taylor.

John Clelland, General Manager, Whitley

Oliver Feely, Garage Operative, Tyholland

"I would like to thank Mr. Wilson for having the courage, ambition and vision to set up the business that is Monaghan today. Ireland is a much more prosperous country today because of this."

Patricia Morris

Patricia is Trading Desk Planner, based in Tyholland & has also completed a significant service with company.

"Back in the early 1980's the unemployment levels in Ireland were very high and a lot of people had to go abroad to find work. Monaghan employed a lot of people both locally & throughout the country within the grower network, & many other businesses benefited hugely from this indirectly.

I would also like to remember some of great people that I have worked with over the years who have gone from this world, who I learned so much from, May they rest in peace. "

We're sure footed
built on a strong
